Yannick Roy

Senior User Researcher & UX Lead
(343) 209-5057 | yannick.roy@gmail.com
Portfolio

Executive Profile

Senior User Researcher and expert in Cognitive Ergonomics with 17 years of experience driving large-scale digital transformation for premier organizations in Telecommunications, Finance, and E-commerce. Specialized in turning ambiguous questions into clear, mixed-method research strategies. Proven ability to bridge complex business objectives with human needs through rigorous, evidence-based analysis. A results-oriented leader recognized for simplifying high-density information environments to generate measurable business value and operational efficiency.

Strategic Business Impact

- **Bell Canada:** over 300 usability tests involving 6,000+ users, resulting in 1,500+ strategic recommendations to optimize the user experience across mobile and desktop platforms.
- **Business Development Bank of Canada (BDC)**: Spearheaded the radical transformation of the loan approval cycle, reducing the authorization window from 10 days to less than 24 hours. This architecture facilitated $240M in loans between 2017 and 2018 immediately following national deployment.
- **National Bank of Canada (BNC)**: Conceptualized a high-performance decision-support tool that achieved a 50% reduction in client identification time and significantly decreased response times for routine tasks, while eliminating the need for staff training.

Core Competencies

- **Research & Strategy**: Usability testing, heuristic evaluations, competitive benchmarking, information architecture (IA), cognitive ergonomics, card sorting, Treejack, user interviews, needs analysis, UX quality assurance (UX QA), Research Repository Management, Mixed-Method Strategy.
- **Design & Prototyping**: Wireframes, high-fidelity interactive prototypes, style guide creation (Design Systems), inclusive and accessible design, content strategy, drafting of detailed functional specifications.
- **Tools & Technologies**: Figma, Axure, Sketch, Usertesting.com, Optimal Workshop, Fable (accessibility), Office 365, Generative AI workflows for research synthesis (Gemini).

Professional Experience

Bell Canada | UX Specialist | 2022-2025

- **Orchestrated user research** for Bell.ca to optimize mission-critical purchasing journeys, managing conversion tunnels for eSIM, Trade-in, mobile/Internet plans, TV, and Billing (Facturation).
- **Accessibility audits** and inclusive design initiatives, identifying and resolving critical barriers via the Fable platform to ensure seamless screen reader compatibility.
- **Strategic optimization** efforts through co-design workshops, comprehensive benchmarking, and expert heuristic evaluations.
- **UX Quality Assurance (QA)** protocols to ensure high-fidelity implementation of design recommendations by engineering teams.

Béryllium Inc. | President & Lead UX Consultant | 2013-2022

UX consulting firm specialized in ergonomics and user experience design.

Notable clients and missions:

- **Bell Canada (2016 - 2022)**: Managed continuous UX audits and iterative interface redesigns for the mobile and desktop ecosystem based on longitudinal user testing data.

- **National Bank of Canada (2015 - 2016)**: Led the design of a customer service decision-support tool, overseeing wireframing, user validation, and technical developer handoff.

- **Business Development Bank of Canada (BDC)**: Served as Lead UX Designer for a national loan authorization tablet application. Managed the end-to-end lifecycle from field research with account managers to the authoring of complex functional specifications.

- **Boires.ca:** Directed UX/UI strategy for transactional evolution, integrating high-complexity business rules regarding SAQ regulations and provincial tax structures.

- **Desjardins:** Architected employee portals and decision-support frameworks grounded in information structure testing and focus group insights.

Previous experiences | 2008 – 2012

- **W.ill.iam (2010-2012)**: Delivered high-impact UX mandates for client portfolio including Fond FTQ, Cogeco, Pratt & Whitney.

- **Yu Centrik (2008-2010):** Established foundational expertise in ergonomics and usability testing across diverse industrial and retail sectors (Videotron, Cirque du Soleil, Tata communication, Yves Rochers, etc.).

Education

- **Master's Degree in Cognitics (Level 7)**: École Nationale Supérieure de Cognitique (ENSC) Bordeaux, France, 2007.
- **Bachelor's Degree in Telecommunications & Human-Machine Interfaces**: Grenoble, France, 2003.

Community Involvement & Languages

Volunteering

- **Cuisines Collectives du Grand Plateau (CCGP)**: Directed the website redesign and established an inclusive communication strategy (newsletters, social media, blogs) to enhance volunteer and donor mobilization.

- **Aphasie Québec Le Réseau (AQLR)**: redesign of the organization's website, visual identity (logo), and promotional assets

Languages

- **French**: Native.
- **English**: Professional working proficiency.
